Picturesque and Artistic Features of Affair Monday Night Distinctive From Any Social Event in Past History. Special Dances New to St. Louisans. Everyone Can Dance. Only Leaders Required to Be in Full Dress.

When Dreamland Dance Palace, at 3500 Olive St., opens its doors next Monday night, May 10, for Miss Jeanette Mack's "Dance Exhibition" and Ball, it will offer several new features distinctly different from any that have embellished a social event in this city. First, it will be the initial event given by colored in this palatial hall of brilliant lights, wonderful acoustics and fairy-like architecture. Second, it will invite the lovers of the art-de-terpachore to trip the light fantastic over the largest and fastest dance floor in the west. Third, it will introduce, to St. Louisans, for the first time, a repertoire of dance classics of the highest artistic. For several months, two hundred or more of our best dancers have been long rehearsing the difficult steps in the special dance program.

Promptly at 8 P. M., the Harmony Orchestra, under the leadership of Eugene R. White, will start the short musical program. Thirty minutes later the Grand March will begin and this will be immediately followed by a waltz. In these two numbers all guests are requested to participate. Then will come the exhibition program of ten dances, which will include: The Standardized One Step; San Toy; Opera Tango; Frolic; Russian Waltz; Mazurka; Mocha March; Ali-Gaditano; Le Roul-Roul; Wild Bird Mazurka and Love Moon Waltz. The regular dance program, in which every one participates will include the Maxine, Bolka, Bresilienne, Plain Military Landers, Lulu Fado, Fox-Trot, Waters-Landers, The Star, The Star, La Reuse, and many other waltzes and dances.

All numbers will be led by competent dancers and only these leaders and in the special program are required to be in full dress or costume. Others may dress just as they please. No wraps will be permitted in the dance enclosure. The ladies' and gents' dressing rooms will be in charge of J. W. Bell. The admission will be 50 cents. The doors will open at 7:30 and every one should be present when the orchestra program begins at 8 P. M. sharp.

The following special committee and officials will be in charge: Reception Committee: Messrs. E. H. Gordon, Ruth S. Anderson, Evelyn Horton, Chas. H. Turpin, Miss Florence G. Robinson, chairman.

IMMENSE CROWD PACKS KEYSTONE GARDEN AT RE-OPENING

Regardless of the cold weather last Monday night, Charlie Miller's Keystone Garden was crowded from evening until the closing hour. Never before has the beautiful outdoor cafe presented more class and distinction than at that occasion. Prominent people came from all parts of the city to pay their respects to the hustling little manager and acclaim his popularity. The Keystone will offer special service to Dreamland patrons next Monday night. Everybody is welcome.

VIEW THE IMPERIAL CAFE AT THE DREAMLAND BALL MONDAY NIGHT

The Imperial Cafe, at Sarah and Fairfax, will remain open, as usual, all night Monday, May 10, and those who want the Dreamland Ball will find Mr. Henderson and his large staff of assistants prepared to accommodate them with a most delightful reception.

CITIZENS DISCUSS BAD CONDITIONS AT SUMNER HIGH

The aftermath of the law suit of Mosby vs. Argus Publishing Co., et al., has been long and loud. The many citizens who attended the trial were startled, it seems, by the conditions which were shown to exist in the school. Every day little groups of citizens may be heard discussing these bad conditions and suggesting remedies therefor. According to reports, amputation is giving way to disgust and indignation, and a deep-seated determination to change the conditions has manifested itself. On every hand the question is being asked, "Who is responsible for the conditions existing at Sumner?"

As startling as are the conditions which are shown to exist, perhaps the most significant fact is that the principal of the school and the authorities were made acquainted with them before they ever became public and were urged to remedy them. The question is being asked every day, "What will the School Board do now?" Will they retain men in the schools whose usefulness as teachers is at an end? Ask others. And from all sides there come reports, protests and opposition to the existing conditions.

The public schools are the bulwark of this nation. It is through them that the state hopes to make better citizens of its boys and girls. The

DR. EDWARD L. GRANT

Dr. Edward L. Grant, the progressive young dentist at 2710 Lawton Ave., is very much pleased with the patronage which has come to him since his location here.

He has been practicing here more than a year. At first he was somewhat doubtful about the support and consideration a young Colored dentist would receive here, but now he feels and believes there are numbers of loyal and good thinking people of St. Louis who are willing and ready at all times to acknowledge and appreciate by their loyal patronage one of their own race who is fully prepared and willing to deliver the goods.

Dr. Grant is a young man who is very quiet and unassuming in his ways, but thorough and exact in his work.

He expresses his sincere and grateful appreciation of the consideration of many patrons here, who feel like, instead of Georgia, his old home state, give him St. Louis.

He has recently improved his office equipment, and is fully prepared to serve the public with the very best work. Dr. Grant has installed a Bell phone—Bomont 1493.

PARKWAY COMMITTEE

The campaign committee of the proposed Central Parkway has opened headquarters at 600 Olive St., where they have everything laid out in a very pleasing manner. The committee in charge takes the greatest care in showing the visitor the "New City" should the people favor the plan by their vote June the 8th. The supporters of the movement state that if the vote at the June election is in favor of the Parkway, a commission will be appointed to assess the benefits and damages and if it is found that the cost is too great the project will be abandoned.

SERVICES NEXT SUNDAY AT ALL SAINTS CHURCH

Rev. James Wise, rector of the Church of the Holy Communion, will be the celebrant at the communion service at 7 a. m. Canon Percy J. Brown, of Christ Church Cathedral, will be the preacher at 11 a. m. Evening prayer at 8 p. m.

Church, Garrison and Lucas Avenues, Bible views will be exhibited with a picture machine, beginning with Adam and Eve in the Garden of Eden down to Noah and the flood. Admission 5 cents. All children under 12 years, and all adults above 60 years of age admitted free. Rev. B. Anderson Shaw, D. D., Director.

The Tuskegee Institute singers, assisted by Chas. Winter Wood, one of the best readers in the Negro race, who have been touring Southern California since early in December last, in the interest of Booker T. Washington's work at Tuskegee Institute, Alabama, will be in St. Louis May 12 on their return trip east. They will render a program of plantation melodies, Negro folk songs and readings on the above date at St. Paul's A. M. E. Church, Rev. W. Sampson Brooks, Pastor.

This group of singers has appeared in every important church, hotel, college, State Normal School and High School from Santa Barbara to San Diego, Cal.

They have been given a fine reception every place they have appeared for the last five months or more.

The program rendered by this very excellent group from Dr. Washington's institution is most interesting and instructive from every point of view. Their programs were so well taken by the people during their stay in California that many people have been turned away for the lack of room to accommodate them.

The Negro folk songs, as well as the readings by Mr. Wood, especially appeal to the lovers of real music.

The small admission of twenty-five cents will be charged. The proceeds will be equally divided between St. Paul's Church and Booker T. Washington's work at Tuskegee Institute, Ala.

To-Night!

Mr. William Pickens, who will speak at Central Baptist Church on Friday night, has been termed the greatest orator since Frederick Douglass. Winner of the Ten Eyck Prize at Yale, Phi Beta Kappa Society member, lecturer and scholar, this brilliant orator comes to speak on "Fifty Years of Emancipation." All St. Louis should have the inspiration of hearing him.

Dr. I. Garland Penn, Secretary of the Methodist Episcopal Church, will introduce the speaker. Central Baptist Church, Friday night, at 8 p. m. Admission, 25 cents.

WOMAN OPPOSED TO NEGRO SEGREGATION

Miss Jane Thompson Denies City Hall Right to decide where Blacks shall live.

Texas advocate of a move to the city. She would remove from society those whose ideas disturb its peace.

Miss Jane Thompson of the Buckingham, a leading suffrage worker and Woman's Peace Party official, has sent The Republic the following article opposing Negro segregation.

For some time I have been noticing considerable reference to the idea that Negroes should be segregated and I have been very much surprised that there was so little protest against the propagation of such an idea.

The world seems to be full of people, however, who instead of working for something which will progress, seem to spend all of their minds and energies on seeing what they can do to hinder those who want to go forward and to cause trouble even for those who are content to stand still.

Some of the above-mentioned class evidently have forgotten that the Civil War is over and that we no more have a right to tell our Negro citizens where they shall live and where they shall live than we have to tell our white citizens where their homes shall be located.

Of course, with our frightful city slums and awful districts full of houses unfit for pigs to live in, we make the poor of our big cities live in certain districts, which is perhaps a form of segregation, but to say that a man or woman, of whatever color their skin may be, has to live in a certain section of the city, no matter if he has the price to pay for a better home, is a piece of class legislation against which we cannot protest too strongly. It is thoroughly undemocratic and borders on the inhuman.

Tells of Negroes' Progress

The Negroes of this country have accumulated more than a billion dollars' worth of property since the end of the Civil War. They have worked against the odds to get to where they are today, and evidently not at all understood by the people who wish to have them compelled to choose their dwellings by the color of their skin.

Of course, if the State of Missouri, and in particular the City of St. Louis, should not go out on a trouble-seeking expedition, but if we are going to keep our city free from harm and let it go forward to a position where it stands for the rights of humanity, we might begin by placing its government as those have mentioned in a place which the State provides for those who are a menace to society, whether it is weapons or ideas that they are using as a means of disturbing the peace of the community.

For one thing, I do not think our Negro citizens make any attempt to invade sections of the city where they would be as much at home as those among whom they tried to live. Na-

tionality have a way of gathering together, because they are happier among their own kind, and I do not think that we have to pass laws to keep this in effect.

Idea Too Ridiculous for Thought

But suppose this law did become effective, and that gradually all the Negroes who were of a very dark color came to live in a certain section of the city, then I presume there would still arise a bit of difficulty with those persons whose color was too light to allow the law to force them to live in the black belt and whose antecedents were too dark to permit them to live unmolested in the white neighborhoods.

The whole idea is too ridiculous for a sane person even to give it a thought and yet these foolish ideas that people possess are sometimes too fruitful of harm for us to let them go unheeded.

These people belong in the same class with those who oppose every sort of advance that the world tries to make. When you ask for political freedom they place every obstacle in their way and try to keep them in a place to which they say women belong by birth and heredity, just so they use the same logic to keep Negro children in the right to take such a stand, and they prophesy of the woes to come with the future if you allow human beings, male or female, black or white, to have just the ordinary rights that some few citizens seem to believe belong only to certain white males, and that these same white males, are somehow ordained by the Almighty to tell the rest of us what is good for us.

Every right-minded, just person should voice a protest against such a step backward into the dark ages as this would be. Our Negro citizens pay taxes, but they do not enjoy the privileges afforded to the children of white taxpayers. I refer to the fact that Negroes are not allowed to attend the State University. So do not let us go farther back.

If those worthy men want to protect the State and city from any bad effects the Negroes might cause, then let them take the proper steps. Negro children are so well educated that they will not be of any danger to our Commonwealth.

ASSOCIATION

A WOMAN'S VIEWS

We urge every reader of the Argus to read carefully the article on our first page, reprinted from the Republic, which sets forth a white woman's view of segregation. Every Negro should read this inspiring article and from it gather inspiration.

We emphasize the fact that this prominent woman, a leader of her sex and race, does not stand alone in this position she has taken. We have hundreds of intelligent, fair-minded, courageous white friends like her, and every now and then their voices, too, are lifted like a trumpet calling us to victory.

We want her, and all our other staunch friends and supporters, to know that we deeply appreciate their attitude toward us. We were on the point of suggesting that our citizens flood her with letters of commendation, but as so many expressions of praise and gratitude have come into the Argus office, we thus voice the sentiment of our people as regards our appreciation.

We are not servile in this. We do not seize and devour these expressions of our white friends as dogs lick up the crumbs that fall from the master's table. We recognize it as no more than what is due, and commend—not ourselves, for we are willing to stand or fall on our merits—but we commend the fairness, the spirit, the courage of those who scorn a foolish prejudice and champion right for right's sake.

The article in question needs no lengthy comment, as it speaks for itself; speaks clearly, intelligently, and to the point. We merely call specific attention to one or two interesting thoughts the writer brings out.

When she says, "Nationalities have a way of gathering together because they are happier among their own kind, and I do not think we have to pass laws to keep this in effect," she strikes the underlying philosophy of human life. Men are naturally gregarious, even segregarians. Cattle in droves, sheep in herds, fish in schools, birds in flocks, and men in groups, or communities. Just as schools of salmon, schools of porpoises, schools of whales, so groups of Italians, groups of Jews, groups of Negroes. All the segregation that is really necessary or desirable.

Again she says: "There would still arise a bit of difficulty with those persons whose color was too light to allow the law to force them to live in the black belt, and whose antecedents were too dark to permit them to live in the white neighborhoods." Alas, too true, for it would take more than the law to tell where the color line really is—just where the black stops and the white begins! Indeed, segregation might break up some few families, house their children on both sides of the line and compel husbands to get a license to visit their wives, or wives their husbands.

But read the article.

THE CRISIS IN ERROR

The Crisis, in its May issue, is guilty of two unpardonable errors, both reflecting discredit upon St. Louis.

First, it states that "White citizens of St. Louis are trying to have the entrance to the colored high school changed to a less conspicuous street." In addition to being a gross error, this statement is an absurdity on the face of it. The street giving entrance to our high school is exclusively a colored residential street, while the school itself stands in the heart of our main colored residential section. Most likely the statement applies to Louisville, Ky., but whether or not, The Crisis should use more care in printing such statements.

We note elsewhere in the magazine that Editor Du Bois "is resting in Jamaica during the month of April." If his periodical runs amuck like this during his absence, we would advise Editor Du Bois to stay on the job.

The second error is even worse, and is a slander upon both white and colored citizens of this city. The Crisis reprints a news item from The St. Louis Republic, under the date of March 28, in which it is stated that during his recent visit here in the interest of Hampton Institute, Major Moton "had been petitioned by his own race not to dine with whites" at the City Club, where he delivered an address. Then follows the statement that "he did not eat at the club."

All of which is an error and a discredit to the fairness and journalistic acumen of The Crisis. Such a statement should not be published or reprinted without a thorough investigation and knowledge of the facts.

Now that Editor Du Bois is back from his month's "rest," we trust that he will administer a spanking to the subordinate who caused these libelous errors to be printed. The citizens of St. Louis are justly angered that such wide publicity should have been given to discreditable falsehoods, and we ask that the next issue give equally wide publicity to a flat denial of their truth.

Lincoln Alumni
Night Successful

St. Paul and St. Louis were most highly entertained on Thursday night, April 26, by President, Dr. F. Allen, with some members of the faculty, and a large number of students of Lincoln Institute. St. Paul was filled to overflowing with one of St. Louis' most intelligent and appreciative audiences. The occasion of their coming was under the auspices of the local Alumni Association of Lincoln, of which Mr. C. S. Hunter is at the head. After prayer by Dr. W. Sampson Brooks, Mr. Hunter presented Prof. F. L. Williams, who in most felicitous terms, introduced President Allen. President Allen spoke of the work that Lincoln Institute is doing in its many and varied departments. The program rendered was one of special merit, and made a most wholesome and lasting impression on those present.

To speak of any number on the program that was deserving of special mention, would be to speak of each number that was well rendered. Those of the most artistic skill were the violin solo by the instructor in violin music, and the solos by the instructor in voice culture.

The Glee Club takes its place among the best work of the kind, produced by the colleges of the country. The large and well trained orchestra is one of the best that it has ever been our pleasure to listen to.

Dr. B. F. Allen, the president, is a man of splendid ability and of dignified bearing and would hold a place of command in any assembly. He is a great man and is doing a real work for Lincoln, for Missouri, and for the race.

MR. WM. GARLAND

Mr. Wm. Garland, 2 Hortense Pl., will leave the latter part of this month for Narragansett Pier, R. I., where he has spent several summers past. His stay there last summer was made very pleasant. He was highly entertained by the following friends: Misses Minnie Snowden, Minnie Ogden, Rhoda Bronson, Lula Gaines, Mrs. R. Holmes, A. Capier, J. Jackson, and C. Becklin, of New York; Misses Ethel Hyman, Con Johnson, A. Goolsby, Messrs. W. Bickley, J. Gregory, B. Gregory and J. McKenna, of Washington, D. C.

Mr. Garland tendered his friends here a farewell dinner on April 25. Several other entertainments have been planned in his honor. Mr. and Mrs. Daugherty will give an auto party; Mr. Herbert Smith, a Stag Mr. and Mrs. J. Horton, a dinner; Messrs. Johnson and Matthews, a dinner at Silver Grill, May 10, after which they will motor to Dresden. Mr. Adolphus Angelus will arrange a breakfast at Silver Grill on the morning of his departure.

METROPOLITAN NOTES

By Miss Callie King

Last Sunday was a stormy day and the church goers were somewhat hindered by the downpour of rain, yet the Metropolitan had a turnout that would do credit to the cause.

The pastor, Dr. Shaw, delivered two splendid sermons during the day. The first sermon was on the subject of the "Life of Moses." The subject Sunday morning will be "Life of God's Presence." He will also speak Sunday night of the "Spiritual Warfare."

Mr. Edward Hester, one of St. Louis most popular cabaret entertainers, rendered a tenor solo, "O Golden Land of Peace," last Sunday at Metropolitan Christian Endeavor. All of the young people are asked to be present every Sunday to help build up a stronger Christian Endeavor. Miss Lydia E. Lee, president; Mr. Artie Matthews, director of Junior choir.

The Metropolitan A. M. E. Zion Sunday-school has arranged a program for Mother's Day, Sunday, May 9, at 1:30 P. M., at which all are invited to be present, mothers especially. Each mother will be given a carnation. An excellent program will be given. It is a great treat.

MRS. LANKFORD DIES

Mrs. Hallie S. Barker Lankford, of 4954 Easton Ave., after a long illness died Friday afternoon at 2:35 P. M. Mrs. Lankford was a former resident of Sedalia, Mo., where she was educated, having graduated from George R. Smith College in the class of 1897, which was the pioneer class of that institution. She was secretary of her class of 100 members. Two of whom are dead.

She leaves a husband, four children, a mother, two brothers, one sister and an aunt to mourn her loss.

The funeral services were held at her residence and were in charge of Rev. B. P. Abbott, of Union Memorial M. E. Church.

"There is no fireside howsoever defenced"

There is no vacant chair, There is no rock however watched and tended,

Yet one dead lamb is there. The air is full of farewells to the dying.

And mornings for the dead The heart of Rachel for her children Will not be comforted."

TESTIMONIALS.

Dear Madam:
I have a friend by the name of Mrs. Sarah Miller, and have been personally friendly to her for over three years, and during the time she wore a wig. I have been treating her hair for about two months, and now she has taken the wig off, and uses her own hair except a small piece in the back. This treatment is wonderful, I must say. Another lady by the name of Mrs. Emma Tols, when I first saw the lady I was afraid to touch her hair, I thought I would burn the scalp, her hair was so short, and if you had seen her before I began to treat her scalp you would not believe it was the same head; it was the worst one I have met with. I will mention some more next time.

Your agent,
Mrs. Muriel Hall,
Tampa, Fla.

Dear Madam:
Yes, Nineteen Fourteen, in the month of August, I was visiting my friend, Mrs. Emma B. Willis; she and I were looking over the Voice of the People, a newspaper, and found Major's advertised hair grower, and we both decided to try the Oxford College. I have tried everything for my hair and nothing did it any good, until I began using Major's Hair Oil, and feel more than able to speak for it, and say it is the best thing and does the work.
And I will say to all ladies, hair is hard, and use W. L. Major's face cream, hair oils and powder, and look good.

Your agent,
Mrs. Anna Johnson,
New Decatur, Ala.

Sir:
Your Oxford Complexion Cream is among the best I have ever used. It shall always be on my dressing table, and you may be sure that my number of customers will be made more numerous by my advocating the use of it among my many friends and acquaintances.

Yours truly,
G. E. Bostwick,
Murphysboro, Ill.

Sir:
I have seven patrons who are taking the full course of treatments; they are perfectly satisfied with the treatments. Says your representation of different articles just as represented. I have a gentleman patient, who has ring-worms in face, I have been treating him two weeks and have taken all out of face excepting one. I feel that I am in a growing and prosperous business. Your chemicals are wonderful, and I am more anxious to go on and do everything for the future success of your business and my growth.

Yours very truly,
(Miss) Peoria Black,
Parsons, Kan.

Dear Sir:
I can say, truthfully, that I have seen a great many who have had treatments from others firms, but none to equal the Oxford treatments. Had I taken some other course of hair treatment as many of my friends wanted me to, and afterward seen the work of your course, I would have been very jealous. Your treatment does just what it says it will do, and to be without it I would miss the very pride of womanhood. So many of my friends are wonderfully surprised since they have seen my work, and say they mean to take the Oxford Course of Hair Culture. One of two ladies that are having treatments from other agents have already said they were going to take the Oxford treatment of me and buy some of the oils. It works like a charm.

Thanking you for what you have done for me, and looking to do something for you in the future.
I am, yours truly,
Mrs. Anna Handy,
Quinton, Ala.

Madam—
My friends, and myself, think there is no other course like this one. We like it better and better. I can't help but smile whenever I open a box of Oxford Pressing Oil. My friends are always glad to hear of me making a new order; it is doing a wonderful work on some heads I deal with.
Your agent,
Miss Estella Young,
Ethelville, Ala.

I am compelled to say the Oxford hair preparations are among the best on the market, as you would certainly have heard from me in case your course of treating the scalp had not pleased or helped me. I think it no more than fair to let you know that the opposite is the case.

Now, when I say that I am pleased with all that came to me from you, I am speaking the sentiments of my friends, for those that have received treatments assist me greatly in advertising my work.

Now that I am out again I am determined to do all I can for the work.
Yours truly,
Miss Mayme Smith,
Moist Point, Miss.

BIRDIE BEAL, PIONEER LADY

EBALMER

A long stride of progress in the proper direction has been made by Birdie Beal, and she is deserving of the cordial encouragement of all the members of her race and sex.

Miss Beal is the only colored lady ebalmist in the city of St. Louis her state of Missouri, having successfully passed the required examination before the Board of Examiners in November, and is prepared to render first-class service to ladies.

Having been well trained and having been authorized by the commonwealth, she must indeed be competent, and those who avail themselves of her services may rest assured that she will faithfully and intelligently perform her duties in a thoroughly womanly manner.

Miss Beal wishes to thank her many friends for the service rendered in trying to protect her race and sex.

Miss Beal, since completing the course, has opened as lady undertaker at 2726 Lucas Avenue, connected with her father, A. L. Beal, and has had charge of eighty lady funerals, which was very much satisfaction to the deceased families.

GIANTS TO MEET COLORED TEAM FROM SOUTHERN ILLINOIS SUNDAY

The first colored team to visit St. Louis this season, will play the Giants at Kuebler's Park next Sunday, Monday and Tuesday. The Southern Illinois Giants, a fast aggregation of ball players, is the name of the visitors. The club is made up of men from the mining towns of Southern Illinois and ranks as one of the best in the country. Manager Mills' speed boys gave the Diehards Stars a good trouncing in the two days' playing last Sunday and Monday, winning 12 to 0 and 12 to 1. The North St. Louis champions were no match for the Colored boys. Whether permitting, a big crowd should see the Illinois Giants game Sunday. The park went through the siege of rain last Sunday without any worse results than the league parks. The drainage is first class.

The Hyde Park Socks, a baseball team under the management of Henry Fluis, 4142 Fairfax, have organized and are ready to fill dates. The aggregation is made up principally of members of the old Kentucky Giants, of Brooklyn, Ill.

The Simmons School baseball team will play the Lincoln High of East St. Louis, at Kuebler's Park, 6100 N. Broadway, today, Friday, at 4 p. m. Admission 10 cents.

Lincoln Airdome Oppoes To Crowd

LOUIS R. MAY
The Genial Assailant.

"A grand success. The new Lincoln Airdome, 2820 N. Newstead Ave. (Ellersderville). Under the management of Chas. A. Hunter and Louis R. May opened their 1914 season of high class entertainment consisting of five reels first run motion pictures and good music to 1,001 paid admissions. Taking the bad weather condition into consideration, this more than spells success. Good pictures, good music, good singing and good conduct is the program for the Lincoln this season, and when boiled down, strained and analyzed produces "Success" (\$). The first installment of "Black Box" caught the good "villains" of Ellersderville, consequently every Monday night will be a big "Black Box" night. Below is week's program:

Monday, May 10, "2nd Episode The Black Box."

Tuesday, May 11, "The Scourge of the Desert" (Western).

Wednesday, May 12, "The Tennessee Hills" (Moonshiners).

Thursday, May 13, "The Flower of Africa."

Friday, May 14, "A Day That Is Dead."

Saturday, May 15, "The Yellow Sheriff" (Western).

Sunday, May 16, Bubbling Water.

One night in each week will be known as Chaplin Night, featuring "Chas. Chaplin" the funniest, most popular and highest salaried comedian of the day. Look for day and date of commencement of this treat of treats.

Notice! Mr. Hunter has just made arrangements to produce the \$20,000 prize photo play, "The Diamond From the Sky," at an early date at the Lincoln Airdome. Do you want to win \$10,000? If so try. You can do it. Here's the way to earn the prize. Read the story in this Sunday's Globe-Democrat, then come to see the picture at the Lincoln Airdome and suggest a sequel to this great picture.

"Diamond From the Sky." Ask for a circular explaining all.

Heading this article is the likeness of Mr. Louis R. May the genial partner and Asst. Mgr. of Lincoln Airdome. Thanking the patrons of Lincoln for past support, and again thanking them for the support I am sure they will give in the future, I beg to remain

Yours for good clean entertainments,
Chas. A. Hunter, Manager,
Lincoln Airdome,
2820 N. Newstead Ave.
P. S.—Wanted a good descriptive singer. Apply at box office.

ANOTHER ALL COLORED COMEDY AT MOVIE THEATER

BOOKER WASHINGTON SHOW THIS WEEK ONE OF BEST

The show at the Booker Washington Theater this week is one of the best seen at this house in several weeks.

Sid Perrin and Goldy Crosby in "The Messenger Boy and the Actress" are a high class comedy pair who offer plenty of good singing and dancing. Their popular song contest is full of rich humor.

Brown and Pinky, a couple of gingerly girls, well known here, are making a decided hit with their sprightly dances, witty sayings and tuneful melodies. They are very good.

Turpin's Artists, in a western range drama entitled "A Cowboy's Secret," are offering their banner attraction, this week. Excitement runs high throughout the piece.

Harry Brown, a lightning crayon artist does cartoon work on canvas to illustrate the songs he sings. He is scoring nicely here this week being applauded generously after each number. He is very good.

Turpin's Artists, in a western range drama entitled "A Cowboy's Secret," are offering their banner attraction, this week. Excitement runs high throughout the piece.

PAY DAY FOR EVERYBODY

Everybody will have pay day at the Booker Washington Theater on Mondays, beginning Monday, May 17. No guessing, no chances, no lottery. Everyone who buys a ticket on Mondays will receive an envelope containing their pay. It's a unique novel feature of this theater and the patrons of this house are to get some big surprises on the first pay day, Monday, May 17.

Arron Franklin, manager of the Waiters' Club, entertained last week; Bosan and Granger, The Treemans, Hambone Jones, Mr. and Mrs. Tom Turpin and the Creole Band, 7 pieces, from New Orleans. Covers were laid for 30 and the band rendered several selections.

The boxing bout between One Round Sylvester and Buzz Horton, was so fierce at the Future City Club last Friday, that the police stopped the fight in the fifth round. Mexican Kid and Earl Murphy will meet this Friday night the 11th.

CONCERNING BUSINESS AFFAIRS:
His given dates, facts and figures, reliable and important advice and information on all matters of interest in business transactions, law suits, contested wills, life insurance, damage suits, divorces, deeds, mortgages, claims, collections, specialized adventures, alphas and all financial difficulties. Truly predicts the success or failure of new inventions, patents, and pending patent claims, etc. Tells whether you will receive fair dealing with partners. If you desire to know what business you shall follow to be successful, where you shall go and whom to avoid if you intend to make any change or start a business, buy or sell property, or, in fact, take any important step, don't fail to consult W. L. Gladstone. His advice may be the means of saving you thousands of dollars and a great deal of trouble.

LOVE, COURTSHIP AND MARRIAGE.
If affairs of the heart or emotions of love interest you, he gives the exact and truthful revelations of all love affairs, settles lovers' quarrels, enables you to win the esteem and affection of anyone you desire, and he gives the happy marriages; tells if the one you love is true; also date of marriage; restores lost affection, peace and confidence to lovers and discordant families; gives you the future of the contract; dissolves and charms the one you love; also those you meet and how to make a person at a distance think of you. Lady Attendant.

NOTE.—These calling for pastime, curious and frivolous persons are only wasting time calling on Prof. Gladstone. Surprisingly fascinating are the words that come from the cultivated lips of this most interesting man whose journey of life has already taken him through all the renowned psychic schools of Egypt, India and Europe. It seems indeed, as if his knowledge must come from that mysterious world of which we all would know the longing, cannot know the dark chain which separates the human body from the fitting soul—and that which is to be told. The separated are brought to

gether, too are made friends, lost property is recovered, the mist is brushed away from business ventures, the hand is so guided that failures are averted, the earth's surface is explored, its treasure laid bare to his supernatural, unassisted mind; and while he gives names, dates, facts and figures, his visitor sits dumfounded at the revelations he makes to him. He is surely a man of the past.

GLADSTONE is not a Clairvoyant from choice, but because fate has no decreed it. His ancestors were powerful mediums and have for ages handed down this wonderful power of gift from generation to generation. So he has received the rich inheritance together with the combined knowledge and priceless experience of his generations. No matter what your present trouble may be or what your future generations, no matter what time and avoid disappointment by at once consulting Gladstone.

NOTE.—Gladstone answers no letters, if you cannot call in person, do not write, as his time is fully occupied with his personal calls.
